This change will provide the minor with a greater selection of 3000-level electives for students because GEOL 1122 is a prerequisite for several upper division courses that may be used for completion of the minor in geology.

-
5. What additional resources will be required to implement the proposal? Faculty? Facilities? Equipment? Library holdings? Others?

None.

-
6. What impact will this proposal have on other courses, programs, departments, schools, or units?

None.
