GEORGIA SOUTHWESTERN STATE UNIVERSITY

Description:

Georgia Southwestern State University is a senior unit of the University System of Georgia. The University was founded in 1906 as the Third District Agricultural and Mechanical School. In 1926, it was granted a charter authorizing the school to offer two years of college work and to change the name to Third District Agricultural and Normal College. The name was changed to Georgia Southwestern College in 1932, at which time it was placed under the jurisdiction of the Board of Regents of the University System of Georgia. In 1964, the College became a senior unit of the University System, conferring its first baccalaureate degrees in June of 1968. Graduate work was added to the curriculum in June of 1973. In July 1996, the Board of Regents authorized state university status, and the institution became Georgia Southwestern State University.

The University is located on 250 acres of improved wooded land plus a golf course in Americus, Georgia, 135 miles south of Atlanta. The attractive campus includes recreational areas, a spring-fed lake, and thirty-three buildings.

The programs and educational opportunities at Georgia Southwestern State University have many distinctive features. As a residential university with some online programs, Georgia Southwestern serves a diverse student body with programs leading to bachelors, masters and education specialist degrees. While GSW primarily draws students from Southwest Georgia, the University's wide variety of programs has attracted students from across Georgia, as well as out-of-state and internationally.

Georgia Southwestern fulfills its commitment to research and public service through the individual efforts of an outstanding faculty and the focused activities of specific centers, which rely heavily on external funding. The Center for Business and Economic Development in collaboration with the College of Business and Computing conducts research on regional economic issues and facilitates development activities in the region. The university is home to the Association of Global South Studies, an international interdisciplinary organization devoted to the study of the Global South. Originally founded as the Association of Third World Studies in 1983 by former GSW emeritus professor, Dr. Harold Isaacs, the Association of Global South Studies eventually gained a "Consultative Status" as a non-governmental organization (NGO) to the United Nations Economic and Social Council (ECOSOC). Its journal, the Journal of Global South Studies, is published by the University Press of Florida and contributes to the university's international reputation."

The academic year is divided into two semesters of approximately sixteen weeks and a summer term. Certain regulations must be observed to conform to the policies of the Board of Regents. Fees and charges are due and payable at the beginning of each term at the time of registration. Registration is not complete until all fees have been paid. Students should not begin the registration process without having sufficient funds to pay all fees. If any check is not paid on presentation to the bank on which it is drawn, a service charge of \$15 or 5 percent of the face amount of the check, whichever is greater, will be charged. No refunds are made if a student reduces his or her credit hours by withdrawing from courses after the add/drop period. Students may receive a refund for credit hours dropped during the official add/drop period. It is the student's responsibility to withdraw officially in accordance with University regulations.

Students wishing to withdraw from all classes for the semester will complete the [Withdrawal from GSW Class\(es\)](#) form which is available online. For total withdrawals a refund of tuition and fees, in accordance with federal, state, and institutional policies, will be issued within 30 days of receipt of the completed withdrawal form by the Office of Student Accounts. Students who officially withdraw from the University on or before the first day of class are entitled to a refund of 100% of the tuition and fees paid for that period of enrollment. (First day of class is defined as "classes begin" date published in the GSW Bulletin.)

Students who formally withdraw from the institution after the first day of class but before the 60% point in time during the term are subject to guidelines established by the Board of Regents of the University System of Georgia. This policy states:

The refund amount for students withdrawing from the institution shall be based on a pro rata percentage determined by dividing the number of calendar days in the semester that the student completed by the total calendar days in the semester. The total calendar days in a semester includes

weekends, but excludes scheduled breaks of five or more days and days that a student was on an approved leave of absence. The unearned portion shall be refunded up to the point in time that the amount equals 60%. The E-Campus programs (e-Core and E- Major) are excluded from this policy.

Students that withdraw from the institution when the calculated percentage of completion is greater than 60% are not entitled to a refund of any portion of institutional charges.

A refund of all matriculation fees and other mandatory fees shall be made in the event of the death of a student at any time during the academic session. (BR Minutes, 1979-80, p.61; 1986-87 pp. 24-25; 1995, p.246)

The University is required to determine how much student financial aid was earned by students who withdraw during the term. If students have "unearned aid" because they were disbursed more than they earned, it may be necessary for the unearned portion to be returned to the appropriate student financial aid fund. If the students have "earned aid" that they have not received, they may be eligible to receive those funds.

A student classified as a non- resident who believes that he or she is entitled to be reclassified as a legal resident may petition the Registrar for a change of status. The petition must be filed no later than thirty (30) days before the term begins in order for the student to be considered for reclassification for that term. To register as a legal resident of Georgia at an institution of the University System, a student must establish the following facts to the satisfaction of the Registrar:

regardless of the status of his or her parent or legal guardian.

7. In the event that a legal resident of Georgia is appointed by a court as guardian of a nonresident minor, such minor will be permitted to register as an in-state student providing the guardian can provide proof that he or she has been a resident of Georgia for the period of 12 months immediately preceding the date of the court appointment.

FINANCIAL AID TO STUDENTS

Students who are not regularly admitted to a graduate degree program are not eligible for financial aid.

The University provides loan programs to assist students who have financial need. Scholarships, unsubsidized loans, and part-time work constitute the types of financial aid. It is preferable that financial aid applications for the next academic year be filed by April 15th. Detailed information and appropriate forms may be obtained by contacting the Office of Student Financial Aid, Georgia Southwestern State University. All awards are contingent on funds being available.

Most types of financial aid are awarded on the basis of a student's academic progress and proven financial need. As used in relation to financial aid, the term financial need means the monetary difference between the total cost of attending the University and the computed amount of financial resources the student and the family can contribute toward the total cost. The total cost of attending the University include tuition and fees, room and board, books and supplies, personal expenses, and allowable transportation costs.

Financial need is computed by a standard need analysis system using confidential information submitted by the independent student. The need analysis system used by Georgia Southwestern State University is the Free Application for Federal Student Aid (FAFSA) administered by the Federal Government. The analysis of a family's financial resources includes consideration of current family income, assets, family size, and

number in college. Federal aid programs, state aid programs and many college programs do not permit aid awards that exceed the computed financial need. Thus, the information on all sources of aid must be provided to the Office of Student Financial Aid. The amount of a student's computed financial need is the total cost of attending Georgia Southwestern State University minus the computed family resources.

Procedures for Applying for Financial Aid

Students should complete financial aid applications as soon as possible. Application for financial aid at Georgia Southwestern State University includes the following steps:

Make application for admission to the University. Applicants for financial aid need not be accepted for enrollment before an award is packaged but must be accepted in an eligible academic program before aid is disbursed. Students from other colleges should have transcripts from all prior institutions for financial aid purposes.

Gather all federal tax information, including that of your spouse, needed to complete the FAFSA, which can be found at <http://www.fafsa.gov>. We strongly recommend that you complete your application online. This ensures a high level of accuracy because responses are checked online. It is more difficult to leave out information when processed on the web.

You will be required to apply for a "FSA ID", which will be used later as an electronic signature.

On your completed FAFSA, be sure to list the GSW school code 001573. The information provided on the FAFSA is used to calculate eligibility for the federal aid, including grants, work- study, and loan programs. GSW strongly recommends that you use the IRS retrieval tool when completing the FAFSA.

If the school code 001573 is entered on the FAFSA, GSW will receive the student's financial information electronically. Until this information is received by the institution electronically, the student's financial aid eligibility cannot be determined.

Financial aid is not automatically renewed. All financial aid recipients must reapply for financial aid each year. All application information received after April 15th will be processed, but awards will be made as funds permit.

Loans (Attendance requirements are 5 hours in the specified semester.)

Federal Direct Unsubsidized Stafford Loan

The Unsubsidized Loan is authorized by the federal government to help students pay the costs of education beyond high school. It is a low-interest non-need based program open to graduate students and accrues interest during deferment periods. Repayment of any Stafford Loan, within the limits of the law, will be "guaranteed" by the Department of Education. The actual amount available to the borrower is based upon the loan limits as established by the federal maximums. The student must repay this loan. Check with a Financial Aid Counselor for further details.

Scholarships

Scholarships are monetary gifts which usually do not require repayment. They are awarded on the basis of academic performance and other specific criteria stipulated by GSW or the agency or person(s) funding the scholarship. The amount of the awards may vary according to the established or self-identified need of the scholarship recipient. In order to remain eligible to receive most academic scholarships, a student recipient must be enrolled for at least 9 credit hours each term, earn a 3.0 cumulative grade point, and remain in good academic standing.

Teacher Education Assistance for College and Higher Education (TEACH) Grant. Available to M.Ed. and Ed.S. students who meet eligibility requirements, including a GPA of at least 3.25, and enrolled as a graduate student in a high-need subject area (as defined by the U.S. Department of Education.)

Employment Opportunities

Several types of part-time employment are available through Georgia Southwestern State University.

Federal Work Study

This is a federally funded program, available to students with established financial need (based upon the FAFSA application) at the time of their initial enrollment or thereafter. Satisfactory academic progress and work performance are required.

Under present arrangements, a student may work a maximum of 19 hours per week during the regular semester. Since the student earns these wages by working, it is not repaid or applied toward tuition. Available on-campus jobs are posted on the GSW website under Employment Opportunities.

Work Aid

Work Aid, a locally funded program of part-time employment, is available on a limited basis. Students are selected for these positions on the basis of skills in certain areas as well as need. Work aid positions are assigned by department. The rate of pay is minimum wage in biweekly payments.

Financial Aid Policies

Georgia Southwestern State University administers its financial aid program in compliance with all applicable Federal and State laws and regulations. Specifically, the financial aid policies are listed below:

To receive any federal financial aid, a student must maintain satisfactory academic progress toward a degree as determined by federal standards. Among other requirements, federal standards generally define "satisfactory progress toward graduation" as passing 67% of all academic work attempted during an academic year. GSW's academic good standing GPA is defined as an overall 3.0 for graduate students.

For students who fail to meet these standards, their financial aid will be terminated. They will not be eligible to receive further aid until such time they have corrected the deficiency at their own expense. Students who fail to meet the standards have the right to appeal if there is a documented mitigation. Please refer to the GSW website for the policy and guidance on the process for filing a financial aid appeal which is a separate appeal than an academic appeal.

To receive federal aid, the student must not owe a refund on previous federal grants or be in default on a Federal student loan.

Any refund from a federal source will be returned to that fund in the appropriate order.

Please refer to the [Office of Financial Aid](#) website or contact the Financial Aid Office in Canes Central.

Office hours are from 8:00 a.m. - 5:00 p.m., Monday through Friday. Please call 229-928-1378 for summer hours, as they may vary.

Withdrawing, Failing, Not Attending, and Repeating Courses

Georgia Southwestern State University administers its financial aid program in compliance with all applicable Federal and State laws and regulations.

Students who fail to meet the standards have the right to appeal if there is a documented mitigation. Please refer to the GSW website for the policy and guidance on the process for filing a financial aid appeal which is a separate appeal than an academic appeal.

To receive federal aid, the student must not owe a refund on previous federal grants or be in default on a Federal student loan.

Veterans' Benefits

Georgia Southwestern State University is approved for the educational training of veterans and certain eligible spouses and dependents of veterans. The institution serves only as a source of certification and information to the Veterans Administration as all financial transactions and eligibility determinations are handled directly between the student and the VA. Veterans and other eligible persons interested in obtaining educational benefits must meet all applicable requirements for admission as outlined in this bulletin. After being officially admitted to the University, the veteran or eligible person should contact the Veteran Certifying Official in the Office of the Registrar for information concerning application procedures and educational benefits.

GSW permits any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to GSW a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

GSW ensures that we will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

Additional information about eligibility may be obtained by calling the Department of Veteran Affairs at 1-800- 827-1000.

Housing/Residence Life

Residence Life at Georgia Southwestern State University offers students the opportunity to meet new people and make life- long friends, to feel a sense of independence, yet belong to a community, and to be in close contact with people who have values, attitudes, desires, and academic interests different from their own. Residential students will be challenged to question, to think, and to grow as individuals. At GSW, and at most institutions with residence halls, students living on campus are often more involved in leadership roles than their off-campus peers, in organizations such as the Student Government Association, sororities and fraternities, academic honor organizations, the Campus Activities Board, the Orientation Team, and a host of other social, cultural and service- related groups. Living on campus can be a real PLUS for students who wish to become and remain involved in campus life.

GSW's campus features five residence halls which currently house students. Southwestern Oaks 1 and 2, home to the university's First Year Experience residents, is composed primarily of private and semi-private suites. Returning residents, transfer students, and new Upperclassmen residents are generally housed in private suites in Southwestern Magnolia 1 or 2, or in campus apartments in Southwestern Pines. The halls are managed by both professionals and student staff members whose common goal is to see that all residents are provided safe, comfortable, and well- maintained housing facilities and to build a residential community which is not only conducive to academic success, but also which fosters positive social engagement, civility, and personal growth.

Institutional Housing Requirement

GSW has no housing requirement for graduate students, but welcomes them to live in the residence halls should they desire to do so.

If a student becomes ill, the Health Clinic will notify family members and faculty if the student so requests.

The Health Clinic staff provides assistance to students with minor illnesses or injuries and promotes positive physical and mental health by providing health awareness information to students.

A student who utilizes Health Clinic medical services is expected to visit the Health Clinic at times that do not conflict with academic responsibilities. After a student has been assessed in the Health Clinic, no excuses will be given except in cases of emergency. By Georgia Southwestern State University policy, an excused absence from class can be granted only by the professor of that class.

A registered graduate student has the option to pay the semester health. Upon payment of the semester health fee the graduate student becomes eligible to utilize the health services offered by the Georgia Southwestern State University professional Health Clinic staff. There are free over the counter medications available as well as first aid supplies. Upon eligibility graduate students are assessed fees for prescription medications dispensed at the clinic, equipment, lab tests and special procedures.

All students are urged to have adequate health coverage for illnesses or emergency visits to the local hospital or a physician's office when the Health Clinic is closed. Insurance coverage is also recommended for medical care that is not available at the Health Clinic, including treatment of major injuries, surgery, and hospitalization. The University System of Georgia has a student health insurance plan available to all Georgia Southwestern State University students. Applications for enrollment are available online for Domestic and International students at www.uhcsr.com.

Medications not stocked by the Health Clinic are the financial responsibility of the student for whom they are prescribed. The Health Clinic will assist patients who are pregnant with a recommendation to an obstetrician/gynecologist.

A graduate student enrolled in "ONLY ONLINE" courses may sign the exemption statement located at the bottom of the GSW Required Immunization form and promptly return this form to the GSW Health Clinic. A graduate student accepted for admission will receive immunization forms and a tuberculosis questionnaire form which are to be completed and returned to the Health Clinic once accepted for admission

to the University. All new students (freshmen, transfers, graduate, and others) attending regularly scheduled classes on the campus or receiving resident credit will be required to submit a certificate of immunization prior to attending such classes. Students will be given 30 days from the start date of classes for a required immunization record to be on file with the Health Clinic. After this, a hold will be placed on the student's account preventing registration and obtaining grades or transcripts.

The Board of Regents of the University System of Georgia has contracted with United Healthcare to provide student health insurance. All Institutions of the University System of Georgia are required to use United Healthcare for student health insurance. Students in the following categories are required to have insurance that meets the minimum standards: graduate students receiving a full tuition waiver as part of their graduate assistantship award; undergraduate, graduate, and ESL international students holding F or J visas; undergraduate and graduate students enrolled in programs that require proof of health insurance (e.g. nursing and athletics), and International Scholars and all accompanying dependents. Students and scholars who are not covered by a policy held by a parent, spouse, company or organization on the approved waiver list or do not have a policy that meets the minimum standards must purchase the USG Student Health Insurance Plan (SHIP) policy.

Students who are required to have health insurance will be enrolled each semester in the Mandatory Plan, which is an accident and sickness insurance policy that includes diagnosis and/or treatment of illness, injury, or medical conditions. Benefits include physician, hospital, surgical, pharmacy, behavioral health services (i.e., mental health substance abuse), as well as legally mandated benefits. Premiums for individual students in the Mandatory Plan are available upon request from the Office of Student Accounts. Students in the mandatory group will have fees assessed by GSW and placed on their student account for payment.

Mandatory Health Insurance Waiver: Students who are covered by a policy held by a parent, spouse, company or organization may apply for a waiver of the Mandatory Plan by going to the United HealthCare website. The student must enter his/her name and date of birth to process a waiver. United Healthcare will evaluate the current insurance and will approve or deny the waiver.

Optional Student Health Insurance

All GSW students who are not required to have health insurance may purchase the Optional Plan if they are enrolled in six or more semester hours or (b) participating in off-campus internship or practicum programs. The Optional Plan is an accident and sickness insurance policy that includes diagnosis and/or treatment of illness, injury, or medical conditions. Benefits include physician, hospital, surgical, pharmacy, behavioral health services (mental health / substance abuse), as well as legally mandated benefits. Students may also purchase health insurance coverage for their spouse and children for an additional premium. Various payment options are also available for the Optional Plan, including annual and semester payments.

For more information about the United Healthcare plan, students are encouraged to visit the GSW website and in the search bar place GSW Health Insurance or call 1-866-403-8267. Enrollment information is available at the Office of Student Accounts 229-931-2013.

For more information about the Health Clinic call (229) 931-2235 or fax (229) 931-2666.

STUDENT RIGHTS AND RESPONSIBILITIES

In order to help create an environment conducive to the furthering of educational pursuits and personal development, the University has established minimum behavioral expectations of students. These expectations, as well as student rights, are published in the [Rights and Responsibilities](#) section of the GSW Weathervane Student Handbook. Also included in this publication is the University policy statement relative to implementation of the Family Educational Rights and Privacy Act of 1974 ([FERPA](#)).

Each student is responsible for reading and observing the policies stated in the GSW Weathervane Student Handbook. The [GSW Weathervane](#) is revised annually and is made available to students online.

POLICY STATEMENT ON SEXUAL MISCONDUCT

Georgia Southwestern State University and the University System of Georgia are committed to ensuring a safe learning environment that supports the dignity of all members of the University System of Georgia community. The University System of Georgia does not discriminate on the basis of sex or gender in any of its education or employment programs and activities. To that end, this policy prohibits specific forms of behavior that violate Title IX of the Education Amendments of 1972.

Georgia Southwestern will not tolerate sexual misconduct, which is prohibited, and which includes, but is not limited to, domestic violence, dating violence, sexual assault, sexual exploitation, sexual harassment, and stalking. The University strongly encourages members of the University community to report instances of sexual misconduct promptly. These policies and procedures are intended to ensure that all parties involved receive appropriate support and fair treatment, and that allegations of sexual misconduct are handled in a prompt, thorough and equitable manner.

What should you do if you think you're being subjected to Sexual Misconduct at Georgia Southwestern State University?

A complainant of sexual misconduct can choose among several reporting options at Georgia Southwestern: filing a criminal complaint with law enforcement officials; filing an administrative report with the institution; or filing an anonymous report at their institution. These processes are detailed on our Title IX webpage: <https://www.gsw.edu/student-handbook/code-of-conduct/title-ix-sexual-misconduct>.

An individual who believes he/she is a victim of sexual misconduct is encouraged to report allegations of sexual misconduct promptly.

ADMINISTRATIVE MEDICAL WITHDRAWALS

For the provision of an academic learning environment and the protection of students and the total University community, the University has adopted a policy for the Administrative Medical Withdrawals of students by the Vice President of Student Engagement and Success. In making this decision, the Vice President may consult with the Counseling Services staff, the University physician, the Health Services staff, the Director of the University's Public Safety Office, Director of Student Rights and Responsibilities, Director of Human Resources, other appropriate university officials [such as Residence Life staff, faculty, etc.], as well as with the student's parents/legal guardians [if under age 18-FERPA based], and the student's physician and appropriate health professionals [in the form of medical records documentation].

The Vice President for Student Engagement and Success may administratively withdraw the student when it is determined that the student suffers from a physical, mental, emotional or psychological health condition which:

1. poses a significant danger or threat of physical harm to the student or to the person or property of others or
2. causes the student to interfere with the rights of other members of the University community or with the exercise of any proper activities or functions of the University or its personnel or
3. causes the student to be unable to meet institutional requirements for admission and continued enrollment, as defined in the Student Conduct Code and other publications of the University.

Except in emergency situations, a student shall, upon request, be accorded an appropriate hearing prior to the final decision concerning his or her continued enrollment at the University. The request for this hearing should be made, in writing, to the Vice President of Student Engagement and Success. The Director of Student Rights and Responsibilities will arrange a hearing with the Behavioral Intervention Team within 5 class days of receiving the request for a hearing. The student will be notified of the decision

within five class days following the hearing.

If the student wishes to appeal the decision received, he/she must submit the appeal, in writing, to the President's Office within five [5] days of receiving the notification. The President may reject or accept the appeal. If the appeal is accepted, the President may independently handle the review or appoint a committee to conduct the review. If the President independently handles the review, the review should be completed within five class days following receipt of the student's written appeal, and a final decision must be rendered in writing within five class days after the conclusion of the review.

If the President appoints a committee to conduct the review, it shall occur within ten [10] class days upon receipt of the appeal. The committee should be composed of three members of the faculty of the institution, or the President may utilize the services of an appropriate existing committee. This committee shall review all facts and circumstances connected with the case and shall within five class days make its findings and report thereon to the President. After consideration of the committee's report, the President shall, within five days of receiving the committee's recommendation, make a decision, and notify the student, in writing. The only exceptions to the noted time frames are when the President is travelling and/or away from campus at the time the appeal arrives in the President's office. This decision from the appeal to the President's office shall be final so far as the institution is concerned.

STUDENT ENGAGEMENT AND SUCCESS

The Division of Student Engagement & Success includes Admissions, Campus Life, Career Services, Counseling, Financial Aid, Fitness and Wellness, Office of First-Year Experience and Student Success, Greek Life, Health Services, Intramural Sports and Recreation, Orientation, Residential Life, Student Rights and Responsibilities, University College and the Student Success Center. ACADEMIC REGULATIONS

Academic Standards

Students pursuing a Master's degree must adhere to the following standards:

1. A cumulative GPA of 3.0 or better
2. Only two courses with grades of C can be applied to the degree
3. No course with a grade below a C will be applied toward a degree
4. Degree requirements must be completed within seven (7) calendar years from the time of first enrollment.

In any graduate degree program, all requirements, including course work at Georgia Southwestern State University, transfer credit and transient credit course work, must be completed within seven (7) calendar years from the date of initial enrollment in course work, without regard to the initial admission status and without regard to credit hours earned.

Graduate students pursuing the Specialist degree must adhere to the following academic standards:

1. Maintain an overall graduate GPA of 3.25 must be maintained
2. No course with a grade below a B will be applied toward the degree
3. A course in which a candidate earns a C or less may be repeated one time
4. Degree requirements must be completed within seven (7) calendar years from the time of first enrollment.

Please review other requirements for the College of Education. Specialist degree students under review or dismissed will follow the same procedures as for the Master's degree.

Students pursuing a Master's of Business (MBA) degree must adhere to the following standards:

1. A cumulative GPA of 3.0 or better
2. Only two courses with grades of C can be applied to the degree
3. No course with a grade below a C will be applied toward a degree
4. Work must have been completed within the allowable time ~~for the period allowed~~ for the completion of the specific degree requirements.

Each School/College of Department with a Graduate Program may have other academic requirements; please check the School web site or the appropriate section of the current Bulletin.

Students Under Review

Graduate students who fail to maintain academic standards will be placed under academic review at the end of the semester in which their status falls below the required standards.

Students who have been placed under review will have early registration cancelled for the following semester. These students will not be able to register on-line and must report to their graduate advisor.

The Registrar will send the names of students under review to the Dean of each School/College, the Department Chairs with graduate programs or courses, and the graduate advisors.

A student under review must meet with his or her graduate advisor to develop an Individual Remediation Plan (IRP) to demonstrate how the student can be returned to good standing. The plan will be forwarded to the Dean of the School/College or Department Chair to sign before being placed in the student's file. A copy of the form will also be sent to the Office of the Registrar.

At the end of the probationary semester, if the student is not successful in returning to good standing, the Dean of the School/College or Department Chair will send a certified letter of dismissal to the student with a copy to the student's graduate advisor and the Office of the Registrar.

Graduate students who are dismissed from the graduate program may write a letter of appeal within ten (10) class days from the receipt of the dismissal letter to the Provost and Vice President for Academic Affairs. Students re- admitted on appeal will have one additional semester to return to good academic standing.

Re-admitted students who do not return to good standing after the initial probationary semester will be dismissed from the program and the University.

Dismissed graduate students may re-apply for admission to the program after three calendar years. If the student is re-admitted, he or she must meet all requirements for the degree program at the time of re-enrollment. The years completed prior to dismissal will count towards the total seven (7) years to complete the degree. Re- admission is not automatic. Each application will be considered individually.

Residency Requirements

All graduate programs offered by Georgia Southwestern State University require 70% of the course work towards the degree be completed in residence.

Graduate Assistantships

Graduate assistantships are available in the Department of Athletics and the Division of Student Engagement and Success. Interested students should make direct application to those offices.

Advisement

Upon admission to the Program of Graduate Studies, each student is assigned a graduate advisor. Advisors in the Master of Education and the Education Specialist programs are assigned by the Dean of the College of Education.

Academic Advisors in the Master of Business Administration programs are assigned by the Dean of the College of Business and Computing.

Advisors to students in the Master of Science in Computer Science program are assigned by the Dean of the College of Business and Computing.

Advisors to students in the Master of Science in Nursing program are assigned by the Dean of the College of Nursing and Health Sciences.

Students in degree programs should enroll for courses only with the advice and approval of their graduate advisors. Application for Graduation – Graduate Students

The Application for Graduation for graduate students must be completed one full semester prior to the academic term in which the degree is expected. The application form is available in the Office of the Registrar as well as under Student Forms on RAIN and the GSW Homepage. Students should contact their graduate advisors to initiate the application process.

Graduation Term	Apply no later than the date below of the prior semester
Fall	January 15
Spring	June 15
Summer	August 15

Transfer Credit

In any graduate program, a maximum of 9 semester hours of graduate credit may be transferred from another accredited institution under the following conditions:

- No grade less than a B (3.0) may be transferred.
- Work must have been completed within the allowable time for the period allowed for the completion of the specific degree requirements.
- Work accepted in transfer to the Master of Business Administration must have the approval of the Dean of the College of Business and Computing.
- Work accepted in transfer to the Master of Science in Computer Science must have the approval of the Chairman of the Department of Computing.
- Work accepted in transfer to the Master of Science in Nursing must have the approval of the Dean of the College of Nursing and Health Sciences.
- The College of Education does not accept transfer credit.
- Grades in transfer credits will not be used in calculating the institutional grade point average and do not reduce residency requirements.

Experiential or Prior Learning Credit

GSW grants no graduate level credit for experiential or prior learning except under the supervision of the institution.

Transient Credit

With approval, a student may take courses as a transient student at another accredited institution and receive credit towards the degree for these courses. Approval is not guaranteed. The [Transient Permission](#)

form must be completed with the appropriate signatures and turned in to the GSW Office of the Registrar prior to course enrollment for credit to be awarded. Credits earned as a transient student are counted as transfer credits and are therefore subject to the limitations on transfer credit stated above. Grades earned in courses taken at another institution will not be counted in the student's grade point average at GSW, but since transient credit must be transferred back to GSW, any transient credit earned counts towards the 9 semester hour limit on transfer credit.

Readmission of Former Students

Former students in academic good standing who have not been in attendance for one calendar year or more must reapply through the Office of Graduate Admissions. Students who have attended another college since last attending Georgia Southwestern must submit an official transcript from that institution.

Students readmitted or reinstated will be evaluated for graduation from the catalog in effect at the time of readmission or reinstatement or any catalog in effect during subsequent periods of continuous enrollment.

Academic Load Limitations

Graduate students taking nine or more semester credit hours will be considered full-time. Graduate students may take a maximum of fifteen hours per term. Students taking fewer than nine semester credit hours will be considered part-time.

GRADING SYSTEM

Grade Point Average for Graduate Students

The grade point average (GPA) for graduate students includes all attempts on all graduate courses. It is a true cumulative GPA.

Policy on Repeating Graduate Courses

Normally, a course is counted only one time for credit hours toward a degree. If a graduate student wants to repeat a course that falls into this category, the student may do so with the understanding that credit hours attempted and quality points earned in all attempts of the course will be counted in the student's grade point average (GPA).

Grading System for Graduate Courses

GRADE	ACHIEVEMENT	QUALITY POINTS
A	Superior	4
B	Above Average	3
C	Average	2
D	Poor	1
F	Failing	0
S*	Satisfactory Performance	0
U*	Unsatisfactory Performance	0
V*	Audit	0
I*	Incomplete	0
K*	Credit by Examination	0
W*	Withdrawn	0
WF	Withdrawn Failing	0
WM*	Withdrawn for Military Purposes	0
NR*	No grade reported by instructor	0

*Symbols not used to determine GPA.

Students enrolled for thesis or directed study credit will receive an S for satisfactory performance or a U for unsatisfactory performance.

A grade of I may be given in extenuating circumstances. If a grade of I is not removed before the end of the following term, it automatically becomes an F.

Students who for non-academic reasons stop attending class prior to midterm should withdraw from the course. A grade of I cannot be assigned in this situation.

Attendance

Students are expected to attend all classes. If an absence is necessary, the student is responsible for reporting the reason to the instructor; in such cases, each instructor will take whatever action he or she deems necessary.

Faculty members will make their absence policies clear to the students enrolled in their classes in writing and within the first week of the semester. Failure to attend classes during the first week of the semester will result in administrative withdrawal from the course.

Penalties for excessive absences in each course are set at the beginning of each semester by the faculty member teaching that course. Students with excessive absences in a class may receive a grade of F for the course and may imperil their financial aid.

Student Absence Policy for Ordered Military Duty

For the purpose of this policy, ordered military duty shall mean any military duty performed in the service of the State or the United States, including, but not limited to, service schools conducted by the armed forces of the United States.

Students who must miss class for ordered military duty will not be penalized and will be given an opportunity to complete any work missed as a result of the absence. The student should provide documentation of the ordered military duty in advance of the absence and make arrangements with the instructor to make up missed work. For service or training requiring absences of 30 or more calendar days during a single semester, the student may be eligible for Military Withdrawal from the course.

Schedule Adjustments

Change in Program

Before a graduate student may transfer from one Teacher Education degree program to another, a request for transfer must be approved by the Dean of the College of Education. Students wishing to transfer to or from the Master of Business Administration, the Master of Science in Computer Science, or the Master of Science in Nursing must have their request approved by the appropriate dean.

Students Adding or Dropping Courses

Following registration for the term, students may add or drop courses until the end of the add/drop period published on GSW Academic Calendar.

Students who add courses after the first day of class are responsible for making up missed assignments.

Students required to take co-requisite support classes may not drop the co-requisite support course without also dropping the college-level class it supports. Student must reenroll in the course for which they have a required co-requisite support class and the college-level class each term until they pass the college-level class.

Students receiving financial aid should discuss dropping courses with a financial aid counselor.

After the published add/drop period for GSW courses, eCore courses or eMajor courses, students may adjust their schedules by "withdrawal" only. (See below.)

Students registered for courses that have the first class meeting after the designated add/drop period, will be subject to the withdrawal from class policy or the withdrawal from the university policy below.

Student Withdrawal from a Course

To officially withdraw from a course after the add/drop period has ended, a student must complete the Withdrawal from GSW Class(es) form. The form has several options. The student needs to choose the best option for their situation and follow the information provided. The effective date of the withdrawal from class is the date the completed form is received by the Office of the Registrar.

Withdrawal from class without academic penalty requires the student to complete the Withdrawal from GSW Class(es) form and return it to the Office of the Registrar by the published no academic penalty date on the academic calendar. A student following this procedure will receive a grade of W (Withdrawn).

Withdrawal from class without academic penalty will not be permitted after the published 'no penalty' date except for non-academic reasons. Documentation of the non-academic reason for withdrawal must be provided by the student to receive a W rather than a WF (Withdrawn Failing) after the no-penalty date. Students may not request a withdrawal of any type in a course in which the final exam or final project has been completed.

Students receiving financial aid should discuss withdrawing from courses with a financial aid counselor. All withdrawals from class must be approved and completely processed before the last day of classes. A Student who does not officially withdraw from a class will receive a grade of F. Course withdrawals from eCore or eMajor courses follow the same procedure as with withdrawal from any other class taken for GSW credit.

Student Withdrawal from GSW for the Term

Students withdrawing from all classes and exiting the University for the term after the first day of classes must complete the Withdrawal from GSW for the Term form found [HERE](#). Students should choose from the options on the form and follow the information provided to complete the process. The effective date of the withdrawal from the University is entered as the date the Withdrawal from the University form was received by the Office of the Registrar

Withdrawal from the university without academic penalty requires the student to complete the Withdrawal from GSW Class(es) form and return it to the Office of the Registrar by the published no academic penalty date on the academic calendar. A student following this procedure will receive a grade of W (Withdrawn).

Withdrawal from the university without academic penalty will not be permitted after the published 'no penalty' date except for non-academic reasons. Documentation of the non-academic reason for withdrawal must be provided by the student to receive a W rather than a WF (Withdrawn Failing) after the no-penalty date.

Students receiving financial aid should discuss withdrawing from the university with a financial aid counselor. All withdrawals from class must be approved and completely processed before the last day of classes. A Student who does not officially withdraw from a class will receive a grade of F.

Course withdrawals from eCore or eMajor courses follow the same procedure as with withdrawal

from any other class taken for GSW credit.

Retroactive Withdrawals

Students who have encountered a debilitating, non-academic hardship that impeded their ability to withdraw from one or all courses before the end of the term may request a Retroactive Withdrawal. To initiate requests for a Retroactive Withdrawal, students must submit the Retroactive Withdrawal form available on the Registrar's Office website. Additionally, they must attach official medical and/or legal documentation supporting the non-academic hardship. Retroactive Withdrawals will not be approved under the following circumstances:

- 1) The student has completed all course requirements, such as a final examination and/or a final project.
- 2) No verifiable documentation is provided substantiating the non-academic hardship.
- 3) The Retroactive Withdrawal request is submitted more than one semester after the hardship has occurred. On rare occasions, exceptions can be made for long-term medical conditions.

Administrative Drops for Non-Attendance

Instructors must take attendance during the first week of classes, until the drop/add period has ended. The faculty member will report their Enrollment Verification to the Registrar after the published drop/add period ends for the term. It is the responsibility of the faculty member to document absences. Online classes will have a participation activity scheduled within the enrollment verification period to document participation in the course for purposes of financial aid.

Any student reported as not attending/participating in their online or on campus course will be administratively dropped from that course and will be notified via their official email account (radar).

If a student wishes to be reinstated in the class or an error has been made by the instructor, the Petition for Reinstatement to Class Roll form must be completed. The deadline for seeking reinstatement is 14 days after the published Enrollment Verification date, found on the GSW Academic Calendar.

Students receiving financial aid should be aware that this could negatively impact the amount of aid they receive for the term.

Policy on Academic Integrity Introduction

Academic Integrity is a commitment, even in the face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these values flow principles of behavior that enable academic communities to translate ideals into action (International Center for Academic Integrity).

GSW's Policy on Academic Integrity sets forth principles of behavior intended to enable its community members to act according to these fundamental values, thereby fostering a community of excellence in teaching and learning. This policy defines academic integrity, assigns responsibility of community members for upholding these principles, defines academic dishonesty, and delineates the procedure for handling violations of the community standard

Principles of Academic Integrity

Accurate Attribution of Ideas: While the free exchange of ideas does not demand that every idea a person expresses be her or his own original thought, it does demand that a person accurately represent the origin of the thoughts she or he expresses. The forms of attribution vary depending upon the formality of the setting in which ideas are exchanged. In conversation, attribution might be as simple as referring to where you heard an idea while in a class presentation or a written assignment, a specific style of attribution or documentation will be required. The specific format for such is usually defined by the academic discipline.

Collaboration on Assignments: Collaboration is a fundamental component of community building and a valued ability in the work force, as well as one of the most important practices of a democratic society, but it depends on community members exercising the values of fairness, respect, and responsibility. Respectfully listening to the perspectives of others, and shouldering the responsibility for contributing equitably to the success of the group demonstrate academic integrity. In the academic setting, collaboration has been shown to improve students' learning, but it must be balanced with the need to assess a student's individual mastery of a topic.

Thus, faculty may actively discourage collaboration for some types of assignments, such as homework or papers, while encouraging it in others circumstances, like group projects or presentations.

Collection of Data: The academic community is a culture of evidence in which decisions are made and opinions evaluated largely on the basis of the factual or logical support. Therefore, whenever a community member presents data he or she has collected firsthand through observing, interviewing, surveying, or experimenting, he or she must be careful to describe clearly how the data were collected to verify that the results are presented accurately and to maintain all confidentiality agreements with participants.

Quizzes, Tests, and Examinations: The academic community often calls upon its members to demonstrate what they know, or what they can do individually, often under the pressure of time constraints, which can put a student's honesty, trust, fairness, respect, and responsibility to the test. Academic integrity requires that a student abide by the rules established by the faculty member for assessing individual learning.

Responsibility of Community Partners for Upholding the Values of Academic Integrity Responsibility of the Faculty Member

Students do not always come to the GSW community knowing the principles of academic integrity and therefore teaching students to exercise these principles is the duty of the faculty. Given that the parameters of academic integrity are defined by the goal of an assignment or activity, the type of assessment being used, and the standards of the particular discipline, faculty members should be explicit about their expectations of students. To that end, faculty members should state in their syllabi the expectations for 1) attribution of ideas, 2) collaboration on assignments, 3) collection of data, and 4) quizzes, tests and examinations.

Responsibility of the Student

As partners in their own learning, students are responsible for making themselves aware of how the principles of academic integrity apply in each academic setting they enter. While the faculty member is responsible for setting expectations, it is the student's responsibility to seek guidance from the faculty member, especially when unsure of how to apply the principles in a particular situation. When in doubt, seek guidance from the instructor.

Academic Dishonesty

Violations of academic integrity will be subject to sanction by the academic community. The examples given below are intended to clarify the standards by which academic dishonesty may be judged.

Plagiarism

Plagiarism includes, but is not limited to, asking someone to write part or all of an assignment, copying someone else's work (published or unpublished), inadequately documenting research, downloading material from electronic sources without appropriate documentation, or representing others' works or ideas as one's own. Plagiarism also includes the unauthorized use of artificial intelligence (AI) and natural language processing (NLP) for assistance with assignments. This includes current known programs such as Chat GPT as well as others that use AI and NLP. Faculty may assign work that uses this technology for educational purposes. Students should be instructed by members of the teaching

faculty when this is being used as an instructional tool; assignment guidelines should clearly indicate the allowed uses of AI and NLP in writing.

Cheating on Examinations

Cheating on an exam includes, but is not limited to, giving or receiving unauthorized help before, during, or after an in-class or out-of-class exam. Examples of unauthorized help include using unauthorized notes in either hard copy or electronic form, viewing another student's exam, taking pictures of exams with cell phones or other electronic devices, allowing another student to view one's exam, and discussing an exam or sharing information on an exam's content with other students after the exam has occurred in one section but not in another.

Unauthorized Collaboration

Unauthorized collaboration includes giving or receiving unauthorized help for work that is required to be the effort of a single student, such as the receiving or giving of unauthorized assistance in the preparation of a laboratory or writing assignment, online exams, etc. Unauthorized collaboration includes giving your GeorgiaVIEW or GoVIEW login credentials to anyone; these credentials are for your use only (see also GSW Computer and Network Acceptable Use Policy section Sharing of Access).

Falsification

Falsification includes, but is not limited to the fabrication of citations or sources, of experimental or survey results, and of computer or other data.

Multiple Submissions

A student may not submit substantial portions of the same work for credit more than once without the explicit consent of the faculty to whom the work is submitted for additional credit. If a work product is to be substantially revised or updated, the student must contact the faculty member in advance to discuss necessary revisions. In cases where multiple submissions are approved, faculty members will require copies of the original documents for comparison.

Process for Resolving Academic Dishonesty Issues

Instances of academic dishonesty are a serious violation of community standards for academic integrity and may result in suspension or expulsion from GSW. While faculty members have the primary responsibility for establishing the parameters of academic integrity in the academic situations they supervise, it is the responsibility of all members of the GSW academic community to report suspected instances of academic dishonesty. Therefore, any member of the GSW academic community can lodge an academic dishonesty complaint with GSW's Director of Student Rights and Responsibilities (the Assistant Dean of Students).

Any member of the academic community who has evidence of academic dishonesty should report his or her suspicion and evidence to the faculty member of the student(s) believed to be in violation of the policy. The faculty member is then responsible for responding, and if she or he has adequate evidence, may file an Academic Dishonesty Violation Report with the Director of Student Rights and Responsibilities.

Faculty Reporting

If an instructor discovers a case of academic dishonesty, he or she may impose whatever penalty is deemed appropriate by the faculty member, given the standards and expectations shared with students in that course (including but not limited to rewriting assignments, failure on the assignment, or failure in the course). The faculty member's syllabus policies will establish how the violation will be handled in his or her own classroom if the student does not contest that a violation has occurred. In addition, the faculty member's syllabus policies will establish how the violation will be handled in his or her own classroom if the Academic Integrity Board confirms that a violation has occurred.

All incidents of academic dishonesty will be reported to the Director of Student Rights and Responsibilities using the Academic Integrity Violation Report Form which asks for a description of the

incident, a copy of the faculty member's written policy on academic dishonesty, evidence that a violation has occurred, the penalty imposed by the faculty member, and the student's signature indicating the faculty member met with the student about the incident and explained the consequences.

The Director of Student Rights and Responsibilities will keep on file all Academic Integrity Violation Report forms. When a new report is received, the Director of Student Rights and Responsibilities will review the record to determine if the student has any other academic integrity violations on file. A first violation will be filed, but no action will be taken by the University unless the student chooses to dispute that a violation has occurred. If a student disputes that a first violation of this policy has occurred or the student has more than one violation on file, the Director of Student Rights and Responsibilities will call for a hearing of the Academic Integrity Board, and the faculty member may be asked to submit further documentation of the violation. All hearings of the Academic Integrity Board will be held in accordance with the due process procedures as specified in GSW's Conduct Code.

The Academic Integrity Board's first responsibility in a hearing is to determine if a violation of the academic integrity policy has occurred. In cases where a student is exonerated of accusations of academic dishonesty by the Academic Integrity Board, the student may appeal the faculty member's penalty through the regular grade appeal process. If the Academic Integrity Board determines the student to be in violation of the academic integrity policy and it is the student's first violation, no further action will be taken by the Director of Student Rights and Responsibilities. If the Academic Integrity Board determines the student to be in violation of the academic integrity policy and the Director of Student Rights and Responsibilities informs the Board that the student has previously violated the academic integrity policy, then the Board may consider recommending further sanctions. Recommended sanctions may be educational, such as assignments which require the student to research the topic of academic integrity or speaking to the UNIV 1000 classes about academic integrity, or may include probation, suspension, or expulsion. The Academic Integrity Board will provide in writing its recommendations on the case and sanction recommendations to the Vice President for Academic Affairs within five business days of the hearing.

The Vice President for Academic Affairs will notify the faculty member, who referred the case, of the Academic Integrity Board's recommendations, including any University sanctions imposed, within five business days, excepting any days when the Vice President of Academic Affairs is travelling on university business. After this communication with the faculty, the Vice President for Academic Affairs will issue the final outcome letter to the student, with a copy to the faculty, as well as any other appropriate academic records file, within five (5) days following the communication with the faculty. If sanctions include suspension or expulsion, the student's Department Chair or Dean will also be notified. A student may not withdraw from the course in which an accusation has been made during the student conduct process. Students accused of academic dishonesty are entitled to the due process rights outlined in the Conduct Policy. A student has the right to appeal the Vice President of Academic Affairs' decision to the President of the University.

RAIN (REGISTRATION AND ACADEMIC INFORMATION NETWORK)

The Registration and Academic Information Network (RAIN) allows students to access their academic and financial records on-line. Students can view holds, midterm grades, final grades, unofficial academic transcripts, registration status, class schedules, curriculum sheets, as well as their Financial Aid status, Account Summaries and Fee Assessments. RAIN provides a convenient method for students and faculty to obtain information via the web. It is a secured site which is continually expanding to provide 24 hour access to all students. RAIN is accessed through myGSW.

Information is routinely added to RAIN, including term-specific notices and deadlines. Students must access RAIN to receive grades for all courses since grade mailers are no longer produced.

THE SEMESTER SYSTEM

The academic year is divided into two semesters (terms) of 15 weeks each and a summer term. New courses are begun each semester; hence, it is possible for students to enter the University at the beginning of any term.

Semester Hours of Credit

Credit in courses is expressed in semester hours. Georgia Southwestern normally grants one semester credit hour for 50 minutes of instruction per week for 15 weeks; therefore, a typical three credit hour lecture class meets for 150 minutes per week. In addition, it is expected that the typical student will need to prepare for approximately 300 minutes outside class per week for a typical three credit hour class. Final Exams take place after the completion of the required hours of instructional time.

Exceptions to this contact time expectation are made for classes in which the faculty has judged that more contact time is required to meet the learning outcomes of the class. For example, in task-oriented classes, such as studio classes, laboratories, clinical classes, classes with required field experience, and internships, the contact time may be closer to the combination of contact and preparation time expected for a lecture class.

Similarly, in distance education classes, each credit hour represents approximately 150 minutes of activity per week; therefore, a typical three credit hour distance education class will require approximately 450 minutes of activity per week.

The curriculum of some degree programs includes a small number of required courses that do not result in credit being awarded. Zero credit courses are approved to fulfill the educational rules of an outside oversight body, such as the Georgia Professional Standards Commission, or as common practice in a specific discipline. Zero credit hour courses are approved through the regular GSW academic approval processes.

The hour designation is X-Y-Z, found at the end of the course descriptions in the GSW Bulletin. X is the lecture contact time per week; Y is the lab or studio contact per week; Z is the credit hours. A typical three semester hour lecture class will appear as 3-0-3, while a typical science lab will be 0-3-1, and a typical physical education activity course will appear as 0-2-1.

Numbering of Courses

Each academic course is designated by numerals. Courses are numbered according to the following plan:

Graduate	5000-8999
----------	-----------

TYPES OF ADMISSION

There are six general types of admission to graduate studies at Georgia Southwestern State University: Regular (without Conditions or with Conditions), Personal Development, Post Baccalaureate, Transient, and Certificate Program only. The six types are described below.

Regular Admission without Conditions An applicant in this category has completed all the requirements for admission to a specific degree program.

Regular Admission with Conditions An applicant who does not meet all the requirements for admission to a specific degree program may be admitted with the condition that he or she must complete nine (9) hours of graduate credit with a grade no lower than B. At the time the conditions are met, the student's record will be updated to reflect the change to regular admission without condition. If the conditions are not met (a grade lower than B in those nine hours), the student will be expelled from the graduate program.

Personal Development An applicant in this category must have a baccalaureate (undergraduate) degree from an accredited college or university. Graduate courses taken under this category cannot be applied towards a master's degree.

Post Baccalaureate An applicant in this category must have a baccalaureate (undergraduate) degree from an accredited college or university. This type of admission allows one to take graduate courses for credit without pursuing a graduate degree, i.e. satisfying graduate level pre-requisite course requirements, enrolling in coursework to increase the undergraduate grade point average, renewing teacher certification, or pursuing a graduate level certificate which is not a part of degree program. Students who wish to have certificate courses apply toward a degree program must meet admission requirements without condition.

Under no circumstances can more than nine semester hours taken under post baccalaureate status be used in a master's degree program.

Transient An applicant who is currently admitted to full graduate standing at another recognized institution may be admitted as a graduate transient student, with permission from the home institution once official transcripts have been received. An applicant for transient admission must submit an application, application fee, official transcripts from the home institution and a letter of transient permission from the appropriate dean of the student's home institution.

Computer Science Certificate Program An applicant seeking the certificate program offered by the Department of Computing must have a minimum of a bachelor's degree from a regionally accredited college or university, or the foreign equivalent thereof.

Nursing Certificate Programs An applicant seeking a certificate program offered by the School of Nursing must have a minimum of a BSN from a regionally accredited college or university. Click the certificates listed under the School of Nursing information section of this Bulletin.

INFORMATION FOR INTERNATIONAL STUDENTS (Students seeking an F-1 and J-1 Visas)

All of Georgia Southwestern State University's graduate programs are offered mostly or entirely online. Therefore, GSW is unable to issue the I-20 needed for a student VISA. GSW does welcome international students desiring to complete a graduate degree online or those not requiring a student VISA.

Students should go to the following website for application and admission information: [International Students | Georgia Southwestern State University \(gsw.edu\)](https://www.gsw.edu/international-students)

The Master of Science in Nursing degree and certificate programs are not available to international students because they do not hold a state RN licensure for the United States.

In addition to requirements for admission to a graduate degree program listed elsewhere in this section, international students must submit the following items:

- Certified English translation of original transcripts from each institution previously attended. In cases where there is only one original copy, GSW will inspect the original copy, make a photocopy for the institutional records, and return the original to the applicant. A university/school official, embassy official, the Ministry of Education or the Ministry of Foreign Affairs, must certify English translations. Transcripts cannot be witnessed or verified by a notary public. Photocopies or faxes of evaluations or transcripts are not acceptable.
- All official international transcripts must have a foreign credential evaluation completed in English. Additional information about this evaluation can be found at the [International Admissions](#) website.
- Certified copies of original diploma, degrees awarded and English translation of diploma, degrees awarded. The issuing institution must certify the degree certificate.
- An official report of scores on the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). A minimum TOEFL score of 69-70 (IBT) [193 on the computerized test or 523 on the paper test] or a minimum IELTS score of 6.5 is required for all types of admission to all graduate programs. Applicants who have received degrees from accredited institutions in the U.S. or from institutions in countries where English is the primary language are not usually required to submit TOEFL or IELTS scores. Under certain circumstances, an international student may meet all of the Georgia Southwestern guidelines for admission, but does not meet the minimum TOEFL score (IBT 69, or corresponding scores on other types of TOEFL examinations) or a 6.5 on the IELTS. These students may be considered for admission by the University. A student in this situation should contact the Dean of the School/College or Chair of the Department offering the graduate program sought by the student.

NOTE:

If the applicant is accepted to the University, he/she will be notified, and should submit the following items before the SEVIS I-20 will be issued and registration permitted.

- Completion of the Declaration and Certification of Finances form provided by GSW. Included, in this document is a Verification of Support and Bank Certification Letter. For the Bank Certification Letter, you may use the included form or a bank letter/statement that includes the same information. A printed copy of the statement is acceptable if it includes a stamp from the bank.
- For an applicant transferring from another institution within the United States, A copy of his or her current I-20, visa, and I-94 along with the completed Undergraduate Transfer Clearance Form.
- Evidence of health/accident insurance. Each international student must obtain and maintain health/accident insurance. Students must purchase the University System of Georgia Student Health Insurance Plans (SHIP) insurance policy. (For current costs, go to the GSW Health Insurance website.) International student athletes will purchase health/accident insurance through the Athletic Department.
- Proof of immunizations. The immunization form for international students must be provided within the first week of classes, or their registration will be dropped and a hold will be placed on their account.

Upon receipt of the application materials and required documents and official acceptance, international student applicants will be mailed their Certificate of Eligibility to Study (SEVIS I-20) required to obtain their F-1 visa at the U.S. Embassy or Consulate.

PLEASE NOTE: All international students enrolling for the first time at Georgia Southwestern State University are required to submit a Tuberculosis screening and questionnaire within 10 days of arrival to the GSW campus. Students with a positive PPD test are required to have a follow-up chest X-ray within 2 weeks.

There are assistantships available to be awarded on a competitive basis to qualified students. F-1 and J-1 International Students

F-1 and J-1 international students are expected to attend the international student orientation at the beginning of each semester. International student orientation provides an opportunity for international students to get oriented to the GSW campus community, and includes a variety of sessions critical to succeeding at GSW and living in the United States.

To be eligible for academic forgiveness, a student may re-apply for admission after one calendar year. Academic forgiveness is not automatic and each case will be reviewed on an individual basis.

All course work taken, even hours completed satisfactorily during the semester for which forgiveness is granted, will be disregarded in the cumulative grade point average and as hours earned towards graduation. College of Education Graduate Academic Forgiveness may be granted one time and is only applicable to graduate course work.

Any College of Education graduate student who wishes to seek academic forgiveness must submit a new application AND a written petition for academic forgiveness to the Dean of the College of Education. MSN Academic Integrity Policy

The MSN Program Policy on Academic Integrity sets for the behaviors expected of students in the academic setting. The policy defines student expectations, academic integrity & academic dishonesty and delineates the procedure for handling violations of academic standards.

Responsibility of the Student

As partners in their own learning, students are responsible for making themselves aware of how the principles of academic integrity apply in each academic setting they enter.

While the faculty member is responsible for setting expectations, it is the student's responsibility to seek guidance from the faculty member, especially when unsure of how to apply the principles in a particular situation. When in doubt, seek guidance from the instructor.

Principles of Academic Integrity

Accurate Attribution of Ideas: While the free exchange of ideas does not demand that every idea a person expresses be her or his own original thought, it does demand that a person accurately represent the origin of the thoughts she or he expresses. The forms of attribution vary depending upon the formality of the setting in which ideas are exchanged. In conversation, attribution might be as simple as referring to where you heard an idea while in a class presentation or a written assignment, a specific style of attribution or documentation will be required. The school of Nursing follows APA guidelines to accurately credit sources in academic writing

Academic Dishonesty

Violations of academic integrity will be subject to sanction by the MSN Academic Integrity Committee. The examples given below are intended to clarify the standards by which academic dishonesty may be judged.

Plagiarism

Plagiarism includes, but is not limited to, asking someone to write part or all of an assignment, copying someone else's work (published or unpublished), inadequately documenting research, downloading material from electronic sources without appropriate documentation, copying and pasting from sources or representing others' works or ideas as one's own. This includes giving or receiving work submitted by a student in a previous semester.

Self-Plagiarism (Multiple Submissions)

A student may not submit substantial portions of the same work for credit more than once without the explicit consent of the faculty to whom the work is submitted for additional credit. If a work product is to be substantially revised or updated, the student must contact the faculty member in advance to discuss necessary revisions. In cases where multiple submissions are approved, faculty members will require copies of the original documents for comparison.

Cheating on Examinations

Cheating on an exam includes, but is not limited to, giving or receiving unauthorized help before, during, or after an in-class or out-of-class exam. Examples of unauthorized help include using unauthorized notes in either hard copy or electronic form, viewing another student's exam, taking pictures of exams with cell phones or other electronic devices, allowing another student to view one's exam, and discussing an exam or sharing information on an exam's content with other students after the exam has occurred in one section but not in another.

Unauthorized Collaboration

Unauthorized collaboration includes giving or receiving unauthorized help for work that is required to be the effort of a single student, such as the receiving or giving of unauthorized assistance in the preparation of a laboratory or writing assignment, online exams, etc. Unauthorized collaboration

includes giving your GoVIEW login credentials to anyone; these credentials are for your use only (see also GSW Computer and Network Acceptable Use Policy Section Sharing of Access).

Falsification

Falsification includes, but is not limited to the fabrication of citations or sources, of experimental or survey results, and of computer or other data. Falsification also includes falsifying or fabrication of clinical experiences or documentation.

Process for Resolving Academic Dishonesty Issues within the courses

Instances of academic dishonesty are a serious violation of academic standards and may result in suspension or expulsion from the MSN program. While faculty members have the primary responsibility for establishing the parameters of academic integrity in the academic situations they supervise, it is the responsibility of all members of the GSW academic community to report suspected instances of academic dishonesty. Therefore, any MSN student may file a complaint to the MSN Faculty, Director of the FNP program or Associate Dean.

Any member of the academic community who has evidence of academic dishonesty should report his or her suspicion and evidence to the faculty member of the student(s) believed to be in violation of the policy. The faculty member is then responsible for responding, and if she or he has adequate evidence, may file an Academic Dishonesty Violation Report with the Academic Integrity Committee.

Process for Resolving Academic Integrity Violations

If an instructor discovers a case of academic dishonesty, he or she will contact the student to discuss the violation. Penalties may include a grade of zero for the assignment, failure of the course, and in some cases, expulsion from the program.

After meeting with the faculty, the student may accept the penalty or request a review by the Academic Integrity Committee. If a review is requested, the student will contact the Chair of the Academic Integrity Committee to schedule. The faculty and student will provide any related documentation to the Chair of the Academic Integrity Committee. The Chair of the Academic Integrity Committee will convene a meeting to review the documentation provided.

The student charged with violation of academic integrity will be given the opportunity to meet with the committee, in person or virtually, to offer his or her input related to the violation. The Academic Integrity Committee will discuss the incident to determine if a violation did occur. The student will be notified of the decision of the Academic Integrity Committee within 24 hours.

If the student does not agree with the decision of the MSN Academic Integrity Committee, an appeal may be filed according the GSW policy.

THE UNIVERSITY SYSTEM OF GEORGIA

The University System of Georgia includes all state-operated institutions of higher education in Georgia - 4 research universities, 4 comprehensive universities, 9 state universities, and 9 state colleges. These 26 public institutions are located throughout the state.

The Board of Regents of the University System of Georgia was created in 1931 as a part of a reorganization of Georgia's state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The governor appoints members of the Board to a seven year term and regents may be reappointed to subsequent terms by a sitting governor. Regents donate their time and expertise to serve the state through their governance of the University System of Georgia – the position is a voluntary one without financial remuneration.

Today the Board of Regents is composed of 19 members, five of whom are appointed from the state-at-large, and one from each of the state's 14 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System. The Board oversees the public colleges and universities that comprise the University System of Georgia and has oversight of the Georgia Archives and the Georgia Public Library System.

The mission of the University System of Georgia is to contribute to the educational, cultural, economic, and social advancement of Georgia by providing excellent undergraduate general education and first- rate programs leading to associate, baccalaureate, masters, professional, and doctorate degrees; by pursuing leading- edge basic and applied research, scholarly inquiry, and creative endeavors; and by bringing these intellectual resources, and those of the public libraries, to bear on the economic development of the State and the continuing education of its citizens.
